

Adolescent Resource Newsletter

July 2016

To support professionals involved in the care of young people by signposting useful resources and highlighting opportunities for professional development. Adopted in April 2008 by the Young Peoples Health Special Interest Group of the Royal College of Paediatrics and Child health (www.yphsig.org.uk)

Editor: Dr Janet E McDonagh, Clinical Senior Lecturer in Paediatric and Adolescent Rheumatology (janet.mcdonagh@manchester.ac.uk)

YPHSIG: Young Peoples Health Special Interest Group
Of the Royal College of Paediatrics and Child Health.

If you are interested in joining YPHSIG and/or would like to find out more about the YPHSIG, please go to our website www.yphsig.org.uk

AYPH: Association for Young People's Health

Is a charity and membership organization creating a focus for all professionals and organizations working in the field of young people's health? If you are interested in joining AYPH and/or would like to find out more about it, please go to www.youngpeopleshealth.org.uk.

Disclaimer

Resources detailed here have been identified as potentially useful and whilst every care has been taken to ensure that they are appropriate and/or relevant for adolescents and/or their healthcare providers, the author accepts no responsibility for the accuracy or suitability of their content.

Our future: a Lancet commission on adolescent health and wellbeing

The largest generation of adolescents and young people in human history (1.8 billion) demands more attention and action. Adolescents and young adults face unprecedented social, economic, and cultural change. This new Lancet Commission argues that there are both current threats, if inaction continues, but also tremendous unrealised opportunities not only for the health and wellbeing of young people themselves but also for the future of society and future generations.
